Comment Date: 10 days from publication in Federal Register

In this Notice, the Wireline Competition Bureau seeks comment on the September 12, 2003 petition filed by Public Service Cellular, Inc. (PSC) under section 214(e)(6) of the Communications Act of 1934, as amended, seeking designation as an eligible telecommunications carrier (ETC) to receive federal universal service support for those areas within its authorized service area in Alabama currently served by non-rural telephone companies.¹ Specifically, PSC contends that (1) the Alabama Public Service Commission (Alabama Commission) has provided an affirmative statement that it does not regulate commercial mobile radio service (CMRS) carriers;² (2) PSC satisfies all the statutory and regulatory prerequisites for ETC designation,³ and (3) designating PSC as an ETC will serve the public interest.⁴ The Wireline Competition Bureau seeks comment on PSC's petition.
